

CMAS Conference Options

Kelsey Doerksen

VP External

Canadian Space Summit: November 19th-20th Vancouver BC

- <http://www.css.ca/events/canadian-space-summit.html>
- No other details present on website

International Conference on Mechanical and Aerospace Engineering: November 19th Toronto

- <http://iastem.org/Conference/Canada/ICMAE/index.php>
- \$250 per student
- The primary goal of the conference is to promote research and developmental activities in Environment and Natural Science. Another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working in and around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in Environment and Natural Science related areas.
